EVENT DETAILS

Colorectal Cancer Awareness Month

March 22, 2024
Lunch & Learn

15 Attendees
Virtual

**Academy of Nutrition and
Dietetics**
Chicago, IL

EVENT SUMMARY

This Lunch & Learn meeting started with a brief polling of attendees knowledge of colorectal cancer. Next, the group learned about key facts about colorectal cancer, statistics, preventative screening options and what action steps are possible to them. It is important to start the conversation.

The meeting concluded with time for attendees to ask questions; encouraging more in-depth conversations on how to be proactive about their gastrointestinal health.

Testimonial

“It was so nice to have that talk today.”

“It was really helpful and great information.”
