EVENT SUMMARY

This year's captivating theme:

Many Faces. Many Stories.

illuminated the lives of those affected by gastrointestinal disease, shedding light on their courageous journeys.

We were delighted to present two extraordinary survivors, Gwen B. Schmidt and Jessica Catlin, who captivated guests with their remarkable stories; leveraging their voices to make a difference.

Testimonial

"It was superb night from start to finish! Everything from the setting to the cocktails and appetizers and the cookies to go, everything was done with such care and excellence. I felt it was a celebration but also a time to honor to all those who have suffered from gastro issues or lost a loved one. Thank you for bringing it all together!"
